

Over half acre outdoor training facility

 **AGILITY** Open to dogs that have completed the Advanced Home Companion Class and are under control while working off-lead. Dogs learn to work through obstacle courses that include tunnels, jumps, A-frame, teeter-totter and bridge.

 **FLYBALL** Open to dogs that have completed the Advanced Home Companion Class and are under control while working off-lead. Dogs learn to jump a series of jumps to a box which when activated by the dog, releases a tennis ball. The dog must return with the ball over the same series of jumps.

 **OTHER ACTIVITIES** In addition to Obedience and Agility trials, SDTC also puts on Tracking and Herding trials. Experienced Club members are happy to show non-members how to train their dogs in these sports. Spokane Dog Training Club also reaches out to the community by conducting demonstrations for schools and public events. Check our web site at:

Train Your Dog To Be A Better Companion

SPOKANE DOG TRAINING CLUB, INC. (SDTC)

SDTC is a non-profit corporation organized by dedicated dog trainers whose purpose includes instructing the public in training well-behaved dogs. Training your dog will improve the bond your family has with your dog, will make your dog a better home companion, and could possibly save it's life. SDTC conducts four, eight-week training sessions each year in our 60' X 100' indoor training facility.

CLASSES OFFERED:

 **PUPPY PRE-SCHOOL** Open to puppies 12 to 16 weeks of age as of the first class date. This class teaches your puppy how to behave around adults, children and other dogs. It covers basic manners, grooming, pet care, socialization and some pre-obedience training using toys or food.

 **PUPPY KINDERGARTEN** Open to puppies 16 to 20 weeks of age as of the first class date. This class is similar to the Puppy Pre-School class but is designed for the older puppy. It also covers pet care, basic manners, socialization and suitable pre-obedience exercises.

 **BEGINNING HOME COMPANION** Open to dogs 6 months of age or older. This class teaches you how to train your dog to walk on a loose leash, lie down, sit, stay in position and come when called. Basic health, grooming, manners and socializing techniques are also covered. This class is beneficial for those who want their dog to be a good companion and for those who want to continue training and eventually compete.

 **ADVANCED HOME COMPANION** Open to dogs that have completed a Beginning Home Companion class. This class graduates using the American Kennel Club's Canine Good Citizen Test. Completion of this class is necessary prior to taking agility, flyball, rally or novice classes at SDTC.

 **BEGINNING COMPETITION NOVICE** Open to dogs and handlers that have completed an Advanced Home Companion class or for experienced handlers who have trained another dog. This class introduces the basic competition obedience exercises, focusing on getting and keeping the dog's attention. Emphasis is placed on working together as a team.

 **ADVANCED NOVICE & RALLY** Open to dogs that have previously completed a Beginning Novice class. The ADVANCED NOVICE class continues with the novice exercises, begins the off-lead work and focuses on preparing the dog and handler to compete for the AKC Companion Dog (CD) Obedience Title. The RALLY class teaches the exercises necessary to compete in Rally, a new dog sport that includes a pre-set course with signs that the handler follows.

 **OPEN** Open to dogs that have completed the Novice Classes and are working off-lead. Dogs learn to retrieve a dumbbell, jump and do a drop on recall. Long sits and downs are done with the handler out of sight. The goal is to prepare for the AKC Companion Dog Excellent (CDX) Obedience Title.

 **UTILITY** Open to dogs that have completed the Open Classes. Dogs learn hand signals, directed retrieving, and scent discrimination. The goal is to prepare for an AKC Utility (UD) Obedience Title.

 **CONFORMATION** Open to dogs and handlers preparing to show their dogs in the conformation ("breed") ring. Handlers are taught how to pose and move their dogs around the conformation ring highlighting the dog's best qualities.

REGISTRATION

SPOKANE DOG TRAINING CLUB
2620 N. LOCUST ROAD

Two blocks East of Argonne Road off Montgomery Avenue
